We're glad you're here!

Here's some info that may be helpful to you...

Who We Are:

In the Classroom, On the Stage, Be Known.

At ASOTA, students learn from world-class professors who are the best of the best. They bring decades of experience, ensuring their students are equipped as experts when they graduate. But it's not just about the classroom; we think successful artists should hone their craft on stage, too. That's why we have a wide range of ensembles and concerts each year, giving students the chance to spend more time on stage than anywhere else.

Experience the Difference:

You are on a journey to discover God's purpose for you. At the University of Mobile, you are challenged academically and renewed spiritually in a community where you are known. **Be Known.** The University of Mobile is dedicated to helping you discover that special intersection between faith and career.
